A special thank you to the Nominations Committee: Jason Sowards, Chair (2015), Eric Young (2015), and Sally Wambold (2015); to Kate Irwin-Smiler for providing the membership directory; and all the candidates for their dedication and willingness to serve SEAALL.

Candidates: SEAALL Vice President / President Elect

Katie Brown

Charlotte
School of Law

Having the opportunity to be on the SEAALL slate of candidates truly is an honor. My first library position was in Southern Florida. I soon learned this meant I was in “SEAALL Country”. In fact, the SEAALL meeting was the first professional conference I attended as Librarian. SEAALL members and leaders have always been very open, willing to take the time to share their knowledge and extend volunteer opportunities to all members. I remember, no one even batting an eye when, I, as a brand new member, volunteered to work the registration desk at that first meeting. From the reception I received and the knowledge I gained at that first meeting and several I attended after, I knew I would be very happy in SEAALL. I also knew that I would want to continue to find opportunities to give back to the chapter that was giving me so much. Sadly, after a few years of membership, career opportunities took me out of SEAALL’s region and to other AALL chapters. Although I did find some opportunities to come back into the fold as a plus one at a few of your receptions at the AALL annual meeting. In January of 2014, I began my current position in North Carolina. I am thrilled to once again call myself a SEAALL member and to potentially have the wonderful and unique opportunity to give back to the chapter in such a substantial way. I thank you all very much for considering me for this position!

Michelle Cosby

North Carolina Central
University School of Law

Thank you for considering me for the office of Vice President/President Elect of SEAALL. SEAALL has been a part of my life since my first position in law librarianship. SEAALL is such a great organization to be a part of because of our willingness to work together to make our profession stronger through volunteering, programming, and networking. I also applaud our commitment to future librarians. I have witnessed first-hand the impact that a student scholarship and a trip to the Annual Meeting can have on a budding librarian. SEAALL’s commitment to furthering the field of law librarianship is commendable, and I look forward to continuing my service to SEAALL in new and exciting ways.

Candidates: SEAALL Treasurer

Suzanne Corriell

University of Richmond
School of Law

I am honored to be nominated for SEAALL Treasurer. I have previously served as Treasurer for VALL (Virginia Association of Law Libraries), in addition to instituting an Auditing Committee to ensure that VALL uses its funds efficiently and responsibly. I would welcome the chance to serve our organization, and I'm confident that I can carry out the duties of SEAALL treasurer efficiently and effectively.

Kate Irwin-Smiler

Wake Forest University
School of Law

I would be honored to serve SEAALL for a second term as treasurer. I am as surprised as anyone else that I have typed those words. I had no intention of serving more than one term, when I first ran for treasurer, and I have no intention of serving more than one additional term. I have enjoyed my term as SEAALL's treasurer, both the opportunity to serve this fine association, and the contact it has given me with the many members I have had cause to work with over the last two years.

The most difficult part of this job is the learning curve. While the office of treasurer comes with a substantial amount of paper, it did not come with a lot of instructions. It was originally my goal to document and improve processes before turning over the office to my successor. Unfortunately because most processes are completed on an annual basis, there is little chance to document - to say little of improving - each process in the cycle. A second term as treasurer would allow me a chance to make some improvements in the existing processes and to document these processes, to give my successor treasurer an easier transition.

Candidates: SEAALL Member-at-Large

Heather Casey

Georgetown University
Law Center

I am thrilled to be nominated for the Member-at-Large position and would be honored to serve my fellow SEAALL members. SEAALL is a truly unique organization; we're a large group but our southern hospitality shines through and ensures that when we get together, we're all willing to share our knowledge with one another. SEAALL is an organization that gives back to the community while seeking to change, for the better, the idea of what it means to be a librarian. I'm continually inspired and impressed by my SEAALL compatriots and I look forward to working with you all (y'all) as we direct the future of librarianship.

Wendy Moore

University of Georgia
School of Law

SEAALL is a great organization with a reputation among other AALL Chapters for providing excellent professional development opportunities and networking. People miss SEAALL when they move out of the region! What makes us great? Sure, we are a large Chapter both geographically and numerically, but I think what makes us great is our collegiality and our dedication to helping each other to grow professionally. As Member-at-Large, I would work with the SEAALL Board and Committees to make certain that SEAALL addresses the expanding professional needs of our members. My library career in technical services has given me a window into how much library work has changed in the past 20 years and a motivation to help our profession evolve. I would be pleased to have the opportunity to represent members' interests on the SEAALL Board.

Correction!

Southeastern Law Librarian Fall 2014

Dear Reader,

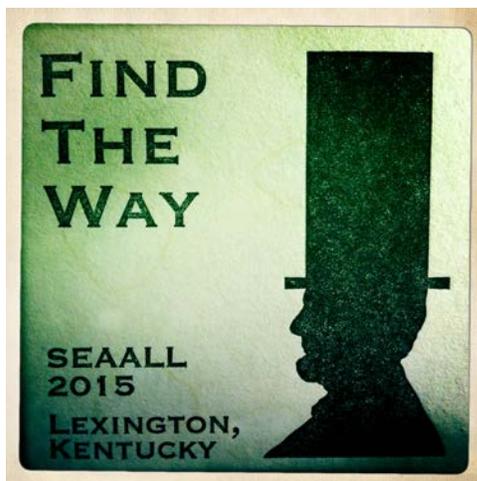

It has come to our attention at the *Southeastern Law Librarian* an error occurred in Volume 39, Issue 4 resulting in some panic, alarm, and grave concern. We wish to take this opportunity to set our readership at ease. In our last issue it was reported that the gene mutation in Scottish Folds causes their eyes to fold or bend forward. Upon further research and investigation it turns out that it is the ears and *not the eyes* which fold or bend forward.* Our apologies for this oversight go out to Captain Frederick "Fred" Wentworth and his human.

SEAALL Team

*If you or someone you know has a Scottish Fold with eyes that do indeed fold or bend forward, please provide the SEAALL newsletter editor with photographic evidence as our readership would be most interested in this development.
